*Zoning Permit Is valid for one year from date of issue. Fee is non-refundable. Any changes made to original application will require a new permit. No construction activites may take place until Building Permit is issued.

It is important to note that it is the applicants responsibility to determine if the building project requires any permits from the Pennsylvania Department of Environmental Protection (Pa DEP) or the Crawford County Conservation District. By this note, Vernon Township is advising you that ANY building project that disturbs 1-acre or more of land, or any lot within a common plan of lots (subdivision) may be required to obtain an NPDES permit from either the PADEP or the Crawford Conservation District. Commencement of any project work without proper permits could constitute a violation of State and/or Federal Law, and you are advised to contact the Crawford County Conservation district at (8140 763-5269 and the Pa DEP (814) 332-6138.
